REVIEWS

What our past groups have to say about their corporate retreats:

Reviews

817 reviews

#6 of 49 hotels in Bintan Island

Great Company Team Building @ Bintan SpaVilla

"Organised a Teambuilding (Employee & their Family) @ Bintan SpaVilla in July 2017. We had a total of 70 over pax and took up nearly 90% of their occupancy rate. The resort is not huge but cosy enough for my group. We spent 3 days 2 nights there and had a half day team-building activities by the beach, it was not the perfect weather but the event was still a great one with a happy ending for all. Our package includes all meal and I must say that the taste are much better than big hotel's buffet. We even had a personal Fireworks session with Sky lanterns for all families, the kids were so excited. In conclusion, we loved it, even my own family enjoyed so much"

Wonderful Company Gateway Trip

"Although we need to spend a little bit longer to reach the resort but It was definitely a wonderful and cozy place to spend for company retreat where you can own the private beach area along with the small little island within the walking distances. All the rooms offer a fantastic view of sea and windy throughout the entire stay. All the foods serves are above th expectation and staff are very helpful and friendly. The white sand island is a MUST visit place, it has clear water and pure white sand just like the beach postcard. Overall it was a wonderful gateway!"

Awesome short getaway from the hectic life!

"We had a company retreat to Bintan Spa Villa for 3D2N recently. The place is well maintained. Clean, comfortable and relax. Our schedule was quite tight as we had our company meeting on the first day. The staffs were very responsive addressing to our request. *Thumbsup* The masseuse was great! Very well trained in acupuncture. IT IS A REALLY MUST TRY! Enjoyed the seafood by the sea. We finished everything on the table in 40mins! The chill crab is really finger lickin good. The next day I walked to the small island - Meteor when the tide was low. Really love the peaceful moment! I enjoy the trip 100%. Will definitely come back with my friends and families in the future!"

Nice Resort to spend some time with loved ones

"On second day of our company retreat, we adjourned to Bintan Spa Villa for a relaxing time. You should take the opportunity to walk over to the small island during the low tide. A place for relaxation and many of sea sports to enjoy if you are the adventurous type. Otherwise sit back and relaxed in the tranquility of the place as it could take you back time."

Perfect Getaway

"Was here for a 3d2n company retreat and it was a perfect getaway. The staffs were extremely warm, welcoming and helpful. Make sure to try their bbq seafood for dinner! The seafood is fresh and delectable. We went snorkeling at an island nearby on the second day and we had so much fun bonding as a company! Would be perfect for a family bonding session as well. The massage in the resort was really calming and the natural sound of the waves made the whole experience even better - MUST GO FOR IT. highly recommended for an affordable and quick getaway!"
